

Ground Power Unit 140kva

GPU-140

The GPU-140 offers leading performance and design that complies with CAAC and international standards: IATA AHM 972, IATA AHM 910, IATA AHM 913, IATA-AHM 915, MH/T6019-1999 etc.

Specifications

Ground Clearance140 mm
 Maximum speed15 km/hr

Operating Environment

Temperature (Celcius)..... (+40) degrees to (- 10) degrees
 Relative Humidity..... about 95 % (+25 degrees celcius)
 Altitude..... about 4,000m

Functional features

AC Rated Power140 KVA
 AC Rated Voltage115/200V
 AC Rated Current404 A
 Rated Frequency400 Hz
 Rated Power Factor0.8
 DC Rated Power22.8 W
 DC Rated Voltage28.5 V
 DC Rated Current800 W

Standard Features

Engine:
 DEUTZ BF6M1013EC

Alternator:
 B1620

Trailer Chasis

24V Electric System

2AC and 1DC output

10m Power line

Three phases

Controller
 BASSLER

Output Cable
 CAVOTOR
